[1] The following criteria were used in categorizing schools for this summary:

- Elementary schools--schools containing at least one grade lower than 6 and no grade higher than 9, except those classified as middle schools.
- Middle schools--schools having any of the following grade organizations: 5-7, 5-8, 6-8.
- Junior high schools--schools containing no grades lower than 6 or higher than 9, except for grade 6-8 schools which are classified as middle schools.
- Junior-senior high schools--schools containing any grade organization which includes grades both lower and higher than 9, except those which have all of grades kindergarten through 12.
- Senior high schools--schools having no grade lower than 9.
- K-12 schools--schools containing all of grades kindergarten through 12.
- Special (ungraded) schools--schools containing pupils with special needs who are not classifiable by grade level.

[2] Changes in the number of schools reported for a particular category do not necessarily imply the closing or opening of particular school buildings. The majority of the differences in numbers result from changes in the grades assigned to individual schools. Only the "total" line accurately represents the number of nonpublic schools in operation during a given school year.

[3] The increase from 1977-78 to 1978-79 is caused, in part, by the addition of 64 schools operated by the Department of Mental Hygiene and the Department of Correctional Services.
